Italian Banking Insurance and Finance Federation (FeBAF)

The Italian Banking Insurance and Finance Federation was formed in 2008 by ABI (the Italian Banking Association) and ANIA (the Italian Insurers' Association). Following the accession of Assogestioni (the Italian Asset Management Industry Association, 2011) and AIFI (the Italian Private Equity and Venture Capital Association, 2013), it now aims to serve as a “common home” of savings and finance institutions in Italy. In July 2013, ASSOGESTIONI (Asset Management Industry Association), AIFI (Private Equity and Venture Capital Association), Assofiduciaria (Fiduciary Services Association), Assoimmobiliare (Real Estate Association), Assoprevidenza (Supplementary Pensions Association), and Assosim (Securities Brokerage Association) also joined the Federation.

Our mission:

- to promote the role of the banking, insurance and financial industry in the pursuit of the country's general interests;
- to represent the positions of member associations on economic and social policies in a systematic relationship with political and monetary authorities, trade associations and the public opinion;
- to spread a culture of free market and competitiveness, by promoting transparency and responsiveness to consumers and savers in the banking, insurance and financial sectors;
- to represent the interests of the Italian financial community in relations with European institutions, with the aim of consolidating dialogue with other Italian public and private stakeholders, so as to act as part of a single national strategy and system in Europe.

Long Term Investment and Reindustrialization Intergroup

The Intergroup is designed to support and promote the issue of long-term investment in perspective of future legislative work. Moreover, its goal is to maintain a regular dialogue with the key actors to consider tangible avenues to revive investment in the EU. Its creation followed a campaign conducted by organizations from the public and private financial spheres and contributors to the real economy. Three major national promotional banks and institutions, Cassa Depositi e Prestiti, the Group Caisse des Dépôts et Consignations and KfW Bankengruppe, have played a particularly active role. The intergroup is chaired by Dominique Riquet (ALDE-FR), Simona Bonafè (S&D-IT), Adina-Ioana Valean (PPE-RO) and Burkhard Balz (PPE-DE).

Currently, the Intergroup has reached 80 members has received the support of some forty professional federations and stakeholders.
